Step 2: Class and Pool

Attend class sessions to review the material and practice skills during pool training. At Wateree, we know that diving requires knowledge, skill and experience. Our top-notch Dive Professionals and staff will make sure you learn to dive safely and HAVE FUN! Our “hands on” teaching methods help you get comfortable both in and out the water.

Step 3: Let's Go Diving!

Now you are ready to continue the fun in open water. We will gain experience during several open water dives over a two-day period to review the skills you have practiced in the pool. During the warm Carolina weather, we will dive locally; but during the colder months, we head to sunny Florida to complete your training.

Congratulations! You are now a Wateree Open Water Diver and part of our “Dive Family!”

Diving is our Passion! We only offer high quality equipment. There is no “one best system” but we offer a great selection of professional gear to fit all your needs. Our knowledgeable staff can help you choose the “right stuff.” Our service department will keep your gear in top shape.
